Copies 4 + 7 of (P)

Please see S.N. 4 and 6. The resolution may be confirmed. Draft submitted.

P.W.C.

Please see, however, the Explanation under the proposed bye-law. This is a reproduction of the Explanation under the old bye-law, which had been made in 1932, when the Petroleum Act, 1899, was in force in the Station. This Act has been replaced in the Station by the Petroleum Act of 1934, and the Rules in force in the Station are not rules framed by the Resident under section 9 but the British Indian Petroleum Rules, 1937, as applied to the Station, which may be seen from para III immediately above the Explanation in the Commission's Resolution. When President, Municipal Commission, sends the notification for publication in pursuance to the letter now issuing from this Residency he may be requested suitably to modify the Explanation. As this is a verbal change only, it does not appear that the matter should go before the Commission. Perhaps the file may be sent u/o. before the draft issues

No. St. 47/39
Encs: 3.

Dated 9th October 1939.

From

H. H. CARLESTON, ESQ., I.C.S.,
President, Municipal Commission,
Civil and Military Station, Bangalore.

To

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

OFFICE OF THE HON'BLE THE RESIDENT IN MYSORE, BANGALORE.
Diary No. 10,498
File No.

Sir,

With reference to your endorsement R.Dis.No.F.570-38/Judl., dated the 14th June 1939 forwarding a copy of Notification No.160-I-B, dated the 18th May 1939 by His Excellency the Crown Representative and requesting to amend the provisions of the Bye-laws framed under the Bangalore Municipal Law on the basis of that Notification, I have the honour to state that the Municipal Commission at their special meeting held on the 27th July 1939 approved the substitution of the following for Section 2 of Bye-law No.19, Chapter III - Petroleum - (vide copy of the Municipal Commission's resolution No.2 dated the 27th July 1939 enclosed) :-

"2. The operation of this bye-law shall, and so far as it relates to the possession or transport of petroleum, be limited to the following quantities :-

I. In the case of dangerous petroleum to quantities of six gallons or less, not intended for sale and kept in securely stoppered receptacles of glass, stoneware or metal, not exceeding one quart in capacity in the case of receptacles of glass or stoneware and not exceeding five gallons in capacity in the case of receptacles of metal;

II. In the case of non-dangerous petroleum having its flashing-point below 150°F, to quantities not exceeding five hundred gallons, provided none of it is contained in a receptacle exceeding two hundred gallons in capacity;

III. In the case of non-dangerous petroleum having its flashing-point not below 150°F, but below 200°F, to quantities not exceeding ten thousand gallons not stored in the same installation or storage shed as other petroleum and exempt from license under the rules contained in Chapter V of the Petroleum Rules, 1937, as applied to the Civil and Military Station of Bangalore.

Explanation. - All quantities in excess of these limits

are

2/35

are subject to the provisions of the Indian Petroleum Act and the rules framed by the Honourable the Resident in Mysore under Section 9 of the Act."

2. The amendment was published for objections - (vide copy of this office Notice No.Gt.47/39 dated the 3rd August 1939 enclosed) and no objections having been received, the matter was again placed before the Municipal Commission at their special meeting held on the 28th September 1939, when it was resolved that their resolution No.2 dated the 27th July 1939 be re-affirmed and be submitted to the Hon'ble the Resident for confirmation - (vide copy of the Municipal Commission's resolution No.1 dated the 28th September 1939 enclosed). I request that the Hon'ble the Resident may be pleased to confirm the Commission's resolution No.2 dated the 27th July 1939 accordingly.

I have the honour to be,
Sir,
Your most obedient servant,

H.V. Lalkaka

President, M. C.

13-36

Municipal Commission's resolution dated the 27th July 1939. (Special Meeting).

---

2. Amendment of Section 2 of Bye-law No.19, Chapter III - in regard to the storage or transport of petroleum so as to conform to the quantities prescribed in H. E. the Crown Representative's Notification No.160-I-B, dated the 18th May 1939.

Recommended.

Resolved that, in order to conform to the quantities prescribed in H. E. the Crown Representative's Notification No.160-I-B, dated the 18th May 1939, in regard to the storage and transport of petroleum, the following be substituted for Section 2 of Bye-law No.19, Chapter III - Petroleum - and that the amendment be published for objections :-

" 2. The operation of this bye-law shall, and so far as it relates to the possession or transport of petroleum, be limited to the following quantities :-

I. In the case of dangerous petroleum to quantities of six gallons or less, not intended for sale and kept in securely stoppered receptacles of glass, stoneware or metal, not exceeding one quart in capacity in the case of receptacles of glass or stoneware and not exceeding five gallons in capacity in the case of receptacles of metal;

II. In the case of non-dangerous petroleum having its flashing-point below 150°F, to quantities not exceeding five hundred gallons, provided none of it is contained in a receptacl exceeding two hundred gallons in capacity;

III. In the case of non-dangerous petroleum having its flashing-point not below 150°F, but below 200°F., to quantities not exceeding ten thousand gallons not stored in the same installation or storage shed as other petroleum and exempt from license under the rules contained in Chapter V of the Petroleum Rules, 1937, as applied to the Civil and Military Station of Bangalore.

Explanation. - All quantities in excess of these limits are subject to the provisions of the Indian Petroleum Act and the rules framed by the Honourable the Resident in Mysore under Section 9 of the Act."

No.Gt.47/39. Civil and Military Station, Bangalore,
Municipal Office,
dated 3rd August 1939.

N O T I C E.

In order to secure conformity with H. E. the Crown Representative's Notification No.160-I-B, dated the 18th May 1939, in regard to the storage and transport of petroleum, the Municipal Commission at its special meeting held on the 27th July 1939 approved of the substitution of the following for Section 2 of Bye-law No.19, Chapter III - Petroleum :-

" 2. The operation of this bye-law shall, and so far as it relates to the possession or transport of petroleum, be limited to the following quantities :-

I. In the case of dangerous petroleum to quantities of six gallons or less, not intended for sale and kept in securely stoppered receptacles of glass, stoneware or metal, not exceeding one quart in capacity in the case of receptacles of glass or stoneware and not exceeding five gallons in capacity in the case of receptacles of metal;

II. In the case of non-dangerous petroleum having its flashing-point below 150° F, to quantities not exceeding five hundred gallons, provided none of it is contained in a receptacl exceeding two hundred gallons in capacity;

III. In the case of non-dangerous petroleum having its flashing-point not below 150° F, but below 200° F., to quantities not exceeding ten thousand gallons not stored in the same installation or storage shed as other petroleum and exempt from license under the rules contained in Chapter V of the Petroleum Rules, 1937, as applied to the Civil and Military Station of Bangalore.

Explanation. - All quantities in excess of these limits are subject to the provisions of the Indian Petroleum Act and the rules framed by the Honourable the Resident in Mysore under Section 9 of the Act."

2. Objections and suggestions should reach the President, Municipal Commission, on or before the 5th September 1939.

Municipal Commission's resolution dated the 28th September 1939. (Special Meeting).

---

1. Re-affirmation of the Commission's resolution No.2 dated the 27th July 1939 in respect of the amendment of Section 2 of Bye-law No.19, Chapter III in regard to the storage or transport of petroleum.

Resolved that the Commission's resolution No.2 dated the 27th July 1939 approving of the following amendment of Section 2 of Bye-law No.19, Chapter III in regard to the storage or transport of Petroleum, be re-affirmed and be submitted to the Hon'ble the Resident for confirmation.

Substitute the following for Section 2 of Bye-law No.19, Chapter III :-

" 2. The operation of this bye-law shall, and so far as it relates to the possession or transport of petroleum, be limited to the following quantities :-

I. In the case of dangerous petroleum to quantities of six gallons or less, not intended for sale and kept in securely stoppered receptacles of glass, stoneware or metal, not exceeding one quart in capacity in the case of receptacles of glass or stoneware and not exceeding five gallons in capacity in the case of receptacles of metal;

II. In the case of non-dangerous petroleum having its flashing-point below 150° F, to quantities not exceeding five hundred gallons, provided none of it is contained in a receptacl exceeding two hundred gallons in capacity;

III. In the case of non-dangerous petroleum having its flashing-point not below 150° F, but below 200° F., to quantities not exceeding ten thousand gallons not stored in the same installation or storage shed as other petroleum and exempt from license under the rules contained in Chapter V of the Petroleum Rules, 1937, as applied to the Civil and Military Station of Bangalore.

Explanation. - All quantities in excess of these limits are subject to the provisions of the Indian Petroleum Act and the rules framed by the Honourable the Resident in Mysore under Section 9 of the Act."
